WHO ARE WE?

Shoplyy is the best online ordering App that helps its users search for restaurants, check different types of menus and order food. You will have access to hundreds of customers that can orders daily from your restaurants!

HOW IT WORKS?

Customers find your menu and orders.

Shoplyy sends you an order and you prepare the food.

Then you / We deliver it to customers or they will pick it up.

You get payment after deduction of admin commission.

WHY SHOPLYYY?

Let's get you online!

These days, the traditional delivery is not enough. You have to be available by App in smartphone. shoplyy takes care of it all.

Be our guest—even if you already have your own website/app or are partnered with another website/app.

Shoplyy truly understands the concept of food service. Our restaurant partners will experience unparalleled service, increased sales and efficiency

WE SPREAD THE WORD

We will help you grow your business by actively promoting your restaurant online and through our integrated marketing campaigns, increasing your restaurant sales and expanding your delivery one.

AT YOUR SERVICE

We work restarants hours too. Our committed support team is always available to help with anything you need. just call or email-even on weekends.

LIKE CLOCK WORK

We send orders directly to your restaunt partners, email addresses and cell phones and you cook and deliver as you always do. Receive payments for orders to your restarants after deduction of admin commission. More delivery, pickup and orders every day for only a small fee per order.
